

# Local Artist Catalog

These artists are available for painting windows and other public art projects. Please directly contact artists you are interested in hiring.

## Some tips:

- Look over the artists' work, and choose a few whose style you like. Contact them directly with the details of your project.
- Make sure to clearly communicate your budget. All artists will charge different rates for their work, and stating how much you are able to spend on a budget will ensure everyone is on the same page.
  - If pay is a limiting factor, we recommend offering a gift certificate or trade.
